- If anything changes before the start of the academic year, SF will need updating

How to Support an Application - Caregivers

- Once the student has applied for SF, you'll get an email within 24 hours with a link to submit household income details
- Parents/Guardians/Caregivers will need to create an account if they haven't got one already – use their account, not the students

How to Support an Application

- You need to supply your NI number and personal income
- If you live with a partner they'll ask for their details separately
- HMRC will check that the information submitted matches their records
- May ask you to send evidence if the details do not match HMRC, and also for marital status if separated or divorced

- This is all completed through the university – the school plays no part in this
- The student needs to take responsibility for reading emails from the university and contacting them with regards to this
- Make sure you research the cost of accommodation, especially in comparison to maintenance loan

Key Message – Apply Early!

- Applications take up to six weeks to process
- Do not apply late and risk receive no funding in time
