Introduction

At Blue Coat Church of England School, our vision is “Living life in all its fullness”. We exist to equip our students to ‘live life in all its fullness’ by providing excellent education, which is distinctively Christian and inclusive of all. At the heart of this education are the values of Care, Hard Work, Respect, Integrity and Servanthood, working Together for the good of all individuals, the school and wider communities.

Social, Moral, Spiritual, Cultural (SMSC) Policy

At Blue Coat we champion and firmly believe in a holistic education and curriculum that ensures that our pupils receive a comprehensive SMSC experience. This belief is in line with the distinctively Christian Ethos of the school in ‘living life in all its fullness’ as outlined in John 10:10 along with the pivotal CHRIST values (Care, Hard Work, Respect, Integrity, Servanthood, Togetherness) that underpin the importance of equality and tolerance for all of humanity.

We recognise that the development of pupils, spiritually, morally, socially and culturally plays a significant part not only in their ability to learn and achieve but in their ability to relate fully to and have the ability to access the world they live in. We therefore aim to provide an education that provides children with opportunities to explore and develop their own values and wider British values, whilst recognising that those of others may differ. Beliefs, spiritual awareness, high standards of personal behaviour including a positive caring attitude towards other people, an understanding of their social and cultural traditions and an appreciation of the diversity and richness of other cultures are all critical skills and dispositions that we nurture, encourage and develop through our subject and wider curriculum.

All curriculum areas have a contribution to a child’s spiritual, moral, social and cultural development and opportunities for this will be planned in each area of the curriculum. Belief values, principles and spirituality will be explored across the curriculum. The integrity and spirituality of faith backgrounds will be respected and explored. The diversity of spiritual traditions will be recognised, and pupils will be given access to alternative views.

All adults will model and promote socially responsible behaviour, treating all people as valuable individuals and showing respect for pupils and their families and stakeholders. Children should learn to differentiate between right and wrong in as far as their actions affect other people. They will be encouraged to value themselves and others.

Children should understand their rights and accept their responsibilities and the need to respect the rights of others. Academy expectations and values should promote responsible behaviour. All curriculum areas should seek to use illustrations and examples drawn from as wide a range of cultural contexts as possible. This will be reflected in the teacher’s planning and learning resources.

We aim to ensure:

Promoting British Values

In the document "Promoting fundamental British values as part of SMSC in schools: Departmental advice for maintained schools - November 2014" the DfE state:

"Schools should promote the fundamental British values of democracy, the rule of law, individual liberty, and mutual respect and tolerance of those with different faiths and beliefs. This can help schools to demonstrate how they are meeting the requirements of section 78 of the Education Act 2002, in their provision of SMSC. Actively promoting the values means challenging opinions or behaviours in school that are contrary to fundamental British values. Attempts to promote systems that undermine fundamental British values would be completely at odds with schools' duty to provide SMSC.

The Teachers' Standards expect teachers to uphold public trust in the profession and maintain high standards of ethics and behaviour, within and outside school. This includes not undermining fundamental British values."

Through our SMSC Policy, Blue Coat will aim to:

- Enable students to develop their self-knowledge, self-esteem and self-confidence
- Enable students to distinguish right from wrong and to respect the civil and criminal law of England
- Encourage students to accept responsibility for their behaviour, show initiative, and to understand how they can contribute positively to the lives of those living and working in the locality of the school and to society more widely
- Enable students to acquire a broad general knowledge of and respect for public institutions and services in England
- Further tolerance and harmony between different cultural traditions by enabling students to acquire an appreciation of and respect for their own and other cultures
- Encourage respect for other people
- Encourage respect for democracy and support for participation in the democratic processes, including respect for the basis on which the law is made and applied in England.

The list below describes the understanding and knowledge expected of students as a result of the School promoting fundamental British values:

- An understanding of how citizens can influence decision-making through the democratic process
- An appreciation that living under the rule of law protects individual citizens and is essential for their wellbeing and safety
- An understanding that there is a separation of power between the executive and the judiciary, and that while some public bodies such as the police and the army can be held to account through Parliament, others such as the courts maintain independence
- An understanding that the freedom to choose and hold other faiths and beliefs is protected in law
- An acceptance that other people having different faiths or beliefs to oneself (or having none) should be accepted and tolerated, and should not be the cause of prejudicial or discriminatory behaviour
- An understanding of the importance of identifying and combatting discrimination.

Performance Monitoring and Evaluation

Provision for SMSC is monitored and reviewed on a regular basis. This is achieved by:

- Monitoring of teaching and learning and work scrutiny by HOD's & SLT
- Regular discussions at staff and Trust meetings.
- Audit of policies and Schemes of Work, including the school's approach to Collective Worship.
- We firmly believe that the effective provision and delivery of a curriculum that serves to accomplish all the aforementioned aspects of SMSC development will purposefully ensure our students develop the skills they need to achieve success and fulfilment in life.
